

Jackie

Returning board member Jackie Schoppert was a previous FoSLAM Board member who took a particular interest in developing the Ethel Montgomery Scholarship program. Her interest in museums started as a child growing up in Juneau/Douglas. As a freshman at Sheldon Jackson High School in Sitka, she worked in Collections and other duties as assigned. Jackie also volunteered as a docent at the Sheldon Museum in Haines. Being in a small museum, she was involved in all aspects of the operation. She also spent some time doing restoration work at the Anchorage Museum.

As a Board member in Juneau, she attended each meeting and was deeply involved and committed to the museum. Subsequent attendance was via phone when she moved to Anchorage in 2014. Jackie's interests in joining the Board are in Hospitality, Ethel Montgomery scholarship and Board development.
